

Dear Hiring Manager,

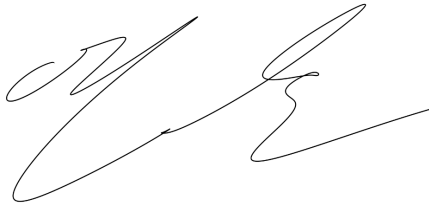

I am writing to express my interest in the Information Technology Intern position at Environics Analytics. As a computer engineering and information student, I have strong background knowledge in information technology. I am confident that I would make a valuable addition to your team.

In my military service as an IT specialist, I have gained extensive experience in system integration and management. Also, through the coaching and teaching experiences, I learned the importance of effective communication to work collaboratively with teams and share insights. I am highly skilled in programming languages such as Python, R, C++, and SQL, and also office programs. I am proficient in computer hardware and able to customize hardware and software settings for PC.

In addition to my technical skills, I possess strong communication and collaboration abilities, which I believe are essential to working effectively with clients and colleagues. I am confident that my combination of technical expertise and interpersonal skills would make me an asset to your team.

I am particularly excited about the opportunity to work for Environics Analytics because of your company's commitment to providing a specialized solution to geodemographics. Thank you for considering my application. I would welcome the opportunity to discuss my qualifications further and learn more about this exciting opportunity.

Sincerely,

A handwritten signature in black ink, appearing to read 'YK', with a long horizontal stroke extending to the right.
